DETAILED ACTION

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 1,3-4,8-9,11-11,24,25,28,29 and 43-47 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

The are not sufficiently ties to a statutory machine or apparatus and as such are not a patent eligible process.

Claim Rejections - 35 USC § 112

Claims 1,3-4,8-9,11-11,24,25,28,29 and 43-47 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In the claims controlling a first investment portfolio of collateralizable securities is vague and indefinite as to how these securities are transformed by the they are collateralizable, nor its it clear how this step in connected to a programmed processor.

Moreover the step of obtaining financing collateralized by pledging said portfolio of securities is indefinite. Is this the same collateralizable step as the first limitation, nor its it clear how this step in connected to a programmed processor.

Moreover, the step of purchasing a second complementary investment portfolio is vague and indefinite with respect to what are the prerequisites of a complementary instrument, nor its it clear how this step in connected to a programmed processor.

Moreover, the step of comprising multiple income-producing real estate investments with said financing and without any financing collateralized by said income-producing real estate purchased is vague and

indefinite as the proceeds from the collateralization are fully fungible and it can not be determined how the this step is determined, nor its it clear hw this step in connected to a programmed processor.

Lastly the managing said combined asset investment by cross-utilizing securities growth and real estate income to the benefit of said plurality of independent investors is vague and indefinite as to the underlying utilization algorithm, nor its it clear hw this step in connected to a programmed processor nor is it clear what parties are cooperatively managing. This Office action has an attached requirement for information under 37 CFR 1.105. A complete reply to this Office action must include a complete reply to the attached requirement for information. The time period for reply to the attached requirement coincides with the time period for reply to this Office action.

Applicant and the assignee of this application are required under 37 CFR 1.105 to provide the following information that the examiner has determined is reasonably necessary to the examination of this application.

In response to this requirement, please provide answers to each of the following interrogatories eliciting factual information:

Please provide any communications directed to U.S. Regulatory Agencies directing this claimed invention.

The applicant is reminded that the reply to this requirement must be made with candor and good faith under 37 CFR 1.56. Where the applicant does not have or cannot readily obtain an item of required information, a statement that the item is unknown or cannot be readily obtained may be accepted as a complete reply to the requirement for that item.

This requirement is an attachment of the enclosed Office action. A complete reply to the enclosed Office action must include a complete reply to this requirement. The time period for reply to this requirement coincides with the time period for reply to the enclosed Office action.
